

optionsforlife[™]
safer for people, pets and planet

section 1 company & product

company: optionsforlife, llc
address: 9 Gold Street, NY, NY 10038
phone: 917-617-9060

emergency phone: 800-535-5053

product chemical family: [Green Seal[™] Certified] surfactant blend

product: floor stripper concentrate

section 2 product contents

in a water base ...
chemical name, cas no., wt.%, :
ethylene glycol phenyl ether, 122-99-6, to 6
monoethanolamine, 141-43-5, to 5
sodium octanesulfonate, 5324-84-5, to 5
propylene glycol n-butyl ether, 5131-66-8, to 2
no fragrance

section 3 physical properties

boiling point: approx. 215 degrees F
vapor pressure: not determined
vapor density: 4.85 gm/m³ @ 32 degrees F
% volatile: 90+
soluble in water
description: clear liquid, moderate odor
specific gravity: 1.02
concentrate pH: 11
evaporation rate (water = 1): not applicable

section 4 fire prevention information

flash point: greater than 200 degrees F. non-flammable
extinguishing media: water or CO2
fire fighting precautions: product is slippery on surfaces
no unusual or explosion hazards

section 5 health hazards and first aid

skin: may cause irritation, redness or swelling, especially to those with skin disorders.
treat by flushing skin with soap and water.
eyes: may cause irritation or damage.
treat by flushing eye with water for 15 minutes.
nose, throat and lungs: may be irritating to mucous membranes and upper track.
treat by moving to fresh air. if any symptoms persist, seek medical attention.
ingestion: if swallowed, do not induce vomiting, drink lots of water and seek medical attention.

exposure limits: not established.

carcinogenicity: no ingredients are listed by the National Toxicology Program (NTP) or the International Agency for Research on Cancer (IARC) as known or possible carcinogens.
Not regulated by OSHA.

section 6 protective handling and storage recommendations

keep out of reach of children and pets.
for commercial use by trained persons.
wear protective chemical resistant gloves, eye wear, foot- and leg-wear.
keep area ventilated while cleaning or wear vapor respirator.
store container closed, in a cool, but not freezing, place.

section 7 spill or leakage procedures

keep unnecessary personnel away from area.
floors will become slippery, wear slip-resistant boots or shoes.
contain spill and mop/absorb the split liquid.
rinse area with cold water.
dispose material as per local, state and federal laws

section 8 reactivity information

stable
no hazardous polymerization
materials to avoid: strong acids and oxidizers
hazardous decomposition products: normal products of combustion

section 9 shipping information

cleaning compounds
non-hazardous
for a gallon or less: may be shipped as ORM (otherwise regulated material)
larger sizes: ship class number 55

hazardous material identification rating:

health: 2 (on a scale of 0/not hazardous to 4/very hazardous)
flammability: 0
reactivity: 0
personal protection: B

msds number: ofl-fs-3 date: 01.20.10

material safety data sheet

for occupation safety and health only
